***Examiner's Amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 20-26 to an invention non-elected without traverse. Accordingly, claims 20-26 have been cancelled.

***Allowable Subject Matter***

Claims 1-19 are allowed.

The following is an examiner's statement of reasons for allowance: prior art references do not teach or render obvious an in-line die attaching and curing apparatus comprising at least one die attaching apparatus including an apparatus for transferring the chip mounting frame onto the guiding apparatus; and at least one adhesive curing apparatus including an apparatus including a plurality of adhesive curing zones for raising and lowering the curing temperature; and an apparatus for transferring the chip mounting frame through the adhesive curing zones apparatus.
